An electric light in the hotel at Rothville exploded last week and caused a mild conflagration. The fire was put out without much trouble. The cause was a short circuit.

**MR. LEWIS A. RIFFLE** tells his experience with coughs and colds that lead to nervousness and debility.

Colds are often aggravated during the summer because inactive bowels and a stomach out of order are prime causes in keeping a cold from getting well.

Pe-ru-na has very beneficial laxative qualities that neutralize such conditions. Its tonic ingredients tone up the system, and thus invigorate the stomach's functions to normal activity.

Mr. Riffle's experience is especially interesting at this time of the year because it shows the close relationship there is between a nervous breakdown and a neglected cold.

Pe-ru-na should be kept in the home at all times, that a cold upon its first appearance may be treated promptly and successfully. This often saves money and time, and what is more important, a great deal of vitality.

Mr. Riffle, of 758 Gantcheln Ave., Portland, Ore., writes: "I have found Pe-ru-na a most remarkable medicine for building up the system and for curing coughs and colds."

"I took it for four weeks a few months ago when I was all run down, nervous and debilitated, and it quickly restored my health."

"I always keep it on hand, as a few doses will cure a cold if taken in time."

People who object to liquid medicines can now obtain Pe-ru-na Tablets.

Mr. Lewis Riffle.

## More Money from Eggs

Bad eggs cause Missouri farmers a loss of between three and four million dollars annually. Government experts estimate that five per cent of the eggs marketed have developing chickens and that three per cent are "rots" due to the embryo decaying. All these losses could be avoided by keeping roosters out of the flocks, thus having only infertile eggs produced. If Missouri farmers would follow this plan, they could save one and three-fourths millions of dollars annually. Infertile eggs produced by flocks which there is male bird are the only kind that can reach the consumer in good condition during the hot summer months. The only object in having a male

## YOUR BLOOD

Is the canal of life but it becomes a sewer if clogged up. All life consists of building up and tearing down and just in the same manner that the blood carries to the various parts of the body the food that the cells need for building up, so it is compelled to carry away the waste material that's torn down. These waste materials are poisonous and destroy us unless the liver and kidneys are stimulated into refreshed and vigorous life.

## DR. PIERCE'S Golden Medical Discovery

Is the balancing power—a vitalizing power. It acts on the stomach and organs of digestion and nutrition—on the purifying filters which clean the blood. Thus fresh vitalized blood feeds the nerves, heart and brain. This well known alternative relieves catarrh of the stomach and headachest accompanying same, and has been successful for more than a generation as a tonic and body-builder. It builds up the rundown system. You need it—if you are always "catching cold"—or have catarrh of the nose and throat. The active medicinal principles of American-Native-roots are extracted without alcohol and you can obtain this tonic in liquid or tablet form at any drug store or send 50 cents in 1-cent stamps for trial box of tablets.
